Smart Living

Data sheet: MD-270

Product code : MD-270
Product name : TV Media Player
EAN code : 8716502021086

With the TV Media Player, you can play digital movies and music or view photos directly on your TV. The device supports most common media files with full HD (1080p) quality for an optimal visual experience. The TV Media Player automatically connects to other UPnP AV devices (Universal Plug and Play Audio and Video) in the network, such as a PC or Home Storage Center.

The intuitive menu can be used to easily access and play files that are stored on the network. The device has two USB ports to which an external hard drive or a USB stick can be connected. Thanks to the remote control, you can play the files from the comfort of your chair.

Box content:
